

**It's easy to do your part
to create a sustainable future.**

Three ways to get started today...

- 1.** Receive free energy advising by phone
- 2.** Install energy efficiency measures with Home Energy Squad®
- 3.** Schedule a comprehensive Home Energy Audit

City of Louisville Sustainability Initiatives

Through a facilitated engagement process in partnership with Xcel Energy, the City developed the Energy Stars brand for programs that promote energy efficiency and support the City's Sustainability Action Plan.
