Re: Cable Television Laboratories, Inc. (CableLabs) Compliance with FCC Regulations with Regards to Transmitters Place to be Located on CableLabs' Proposed Lattice Tower

Dear Louisville Department of Planning and Building Safety:

This letter, provided in support of CableLabs' application to construct a lattice tower in its parking lot, is to confirm that all wireless devices that will be attached to CableLabs' proposed lattice tower will be low powered wireless devices that will transmit and/or receive transmissions solely to/from the CableLabs facility at 858 Coal Creek Circle. These low powered wireless devices will perform in accordance with FCC regulations as described in Part 15 of Title 47 of the Code of Federal Regulations including such regulations with regards to signal interference.

Best Regards,
