Select all that apply:

I. Feeding Wildlife

- _____ **Unintentional Feeding:** Citizens or businesses unintentionally leaving coyote attractants outside. Examples include: compost piles, uncovered trash cans or dumpsters, pet food bowls, BBQ grills, and fallen fruit.
- _____ **Intentional Feeding:** Human intentionally leaving food out for any type of wildlife.

II. Human and Coyote Interactions

- _____ **Observation:** The act of noticing or taking note of tracks, den, scat or vocalizations (howls).
- _____ **Sighting:** Visual observation of coyote from a distance greater than 100 feet.
- _____ **Encounter:** An unexpected direct meeting with coyote, within 100 feet, that is without incident. Coming within close proximity of a coyote on a trail, sidewalk, street or yard.
- _____ **Incident (please complete section IIA):** A conflict between a human and a coyote where a coyote exhibits behavior such as stalking, baring teeth, or lunging.
- _____ **Attack (please complete section IIA):** An aggressive interaction where a human is grabbed, bitten, scratched, or otherwise injured by a coyote.

III. Pet and Coyote Interactions (please complete section IIIA)

- _____ **Unattended Pet Attack:** An unattended pet that is contacted, bitten, or killed by a coyote. This includes pets that are on leashes that are extended longer than six feet from owner.
- _____ **Attended Pet Attack:** Attended pets that are leashed or unleashed within six feet of owners and are contacted, bitten, or killed by a coyote.
