

Safer at Home, Level Yellow: Concern

What does Level Yellow mean for businesses?

Boulder County moves to Level Yellow: Concern at 9 AM on Saturday, February 6.

CDPHE and the Governor Polis released the new Dial 2.0, which includes new metrics and a **new capacity chart**, which can be found on the reverse side of this flyer.

Other changes include:

- Increased metrics / thresholds between levels on new case incidence – for example, Yellow is now 100-300 new cases / 100,000 in 7 days.
- 7 instead of 14 day metrics for disease incidence, level of testing (% positivity), and hospitalizations, for a more swift ability to move between colors.
- Tighter metrics on the level of community testing (measured as % positivity) in YELLOW and ORANGE.
- Mitigation plans will not be required before moving a county into a more restrictive level, which will facilitate the swiftness of the move. These plans are highly encouraged before a county hits the new level with its metrics.
- FOR RESTAURANTS: a capacity change in YELLOW, to reflect 50% or 150 persons using space calculator (whichever is lower), which is a change from the 100 person cap.

*Counties that enter Protect Our Neighbors are eligible to increase the percentage caps by 5% every month they continually sustain those metrics. † When capacity limits are expressed as both a percentage of posted capacity and a total number of people, use whichever number is fewer. **Educational institutions including museums, aquariums and zoos may operate indoors at 25% of the posted occupancy limit not to exceed 25 people using the Distancing Space Calculator per room.
