

I'M AWESOME I ALWAYS USE A LEASH

Henlo fren! So happy to see you out for a walk! Walkin your hoomans is fun, but can be challenging. Remember to always keep your awesome hooman on the other end of your leash cuz they can get lost without you and might misbehave (we all know how tempting those squirrels are, am I right??). Make sure the leash isn't too long (just 10ft) to keep them from danger or from gettin tangled around a pole (sigh). I know they might want to let go of the leash to run by themselves or talk with hooman frens (why don't they sniff butts?) but the leash keeps doggos and hoomans safe! Don't forget to give them a big wet kiss at the end to remind them how awesome they are for using a leash!

My name is Iggy! I am an AWESOME Louisville doggo and my awesome hoomans are Matt and Chris.

I like walks on a leash, bird watching, and endless amounts of attention. I don't like lightning and booms!

I'M AWESOME I KNOW POOP MATTERS!

Henlo fren! Don't be embarrassed. Everyone poops! We just don't get privacy and can't clean it up ourselves. But that's ok, cuz we're awesome doggos with awesome hoomans who will help clean it up! Just remind your hooman to always carry bags, pick up the poopers, and throw the bag in a trash can (don't let them leave the bag on the trail-that's gross!). Tell your hooman that not pickin up poopers is disgusting cuz poopers are stinkin and can make us sick. Oh, and my K-9 fren said to remind them it's the law. (and really just an awesome hooman thing to do). Don't forget to wag your tail to thank your hooman and tell them they are awesome, they like to be reminded of that!
