

BE AWESOME! ALWAYS USE A LEASH

Hi! I'm Iggy. An awesome Louisville dog here to remind you to always take your hooman with you on a leash when you go for a walk. My K9 fren says it's the law! Plus, without a leash your hooman can get lost and might misbehave (we all know how tempting those squirrels are, am I right??). Make sure the leash isn't too long (just 10ft) to keep them from danger or from gettin tangled around a pole (sigh). I know they might want to let go of the leash to run by themselves or talk with hooman frens (why don't they sniff butts?) but the leash keeps doggos and hoomans safe!

Don't forget to give them a big wet kiss at the end to say thanks for using a leash. It's the law and an awesome hooman thing to do!

PS: Do you want an "I'm Awesome" bandana too?

Ranger Naturalists will be out on the trails giving away bandanas and stickers in September 2021 when they observe awesome dogs and hoomans following these rules:

1. Always use a leash.
2. Clean up after your dog.
3. Walk during the cooler part of the day.
4. Never leave a dog unattended in a vehicle.
