

BE AWESOME! WALK WHEN IT IS COOL OUT

Henlo fren! I'm Ellie an awesome Louisville dog who loves going on walks. Did someone say walk? But not when it's heck'n hot out! I overheat easily and can even get heat stroke. And the pavement can be even hotter and burn my paws. I don't have shoes! Have your hooman touch the pavement with their hand. If they pull away and say "ouch" it's too hot for a walk. Suggest staying at home and playing with a toy and going for a walk later. Thank them for being an awesome hooman and walking us during the cooler part of the day.

PS: Do you want an "I'm Awesome" bandana too?

Ranger Naturalists will be out on the trails giving away bandanas and stickers in September 2021 when they observe awesome dogs and hoomans following these rules:

1. Always use a leash.
2. Clean up after your dog.
3. Walk during the cooler part of the day.
4. Never leave a dog unattended
