

Priority 3 – Residential Through Streets

Selected local streets within residential and commercial areas will be plowed on a limited basis after priority one and two streets are passable. The first local streets to be plowed will be primary streets and loop streets through subdivisions. This plan allows all residences to be in close proximity of a plowed street in the shortest amount of time. The City will address the remaining residential streets as time permits and weather conditions warrant. The City attempts to plow local streets prior to times of greatest use, i.e. the hours when residents leave home and return from work, provided higher priority streets are passable.
