

Operation Adopt a Neighbor

**Sign-up for volunteers to clear your fire impacted lot of tall weeds,
high grasses and trash.**

Marshall ROC along with volunteers from Ascent Church,
& Wildfire Partners are working with the City of Louisville on "Operation Adopt a Neighbor"
lot clearing program to help our neighbors who currently need assistance
with mitigating and clean-up of their empty lot.

**The lot clean up efforts will be performed by
volunteers between September 24- October 15, 2023.
Volunteers will work to complete the work prior to October 15, 2023.**

This program is for fire impacted Louisville property owners only.

Property owners must sign a release to allow crews to work on
their land. Owners do not have to be present to participate.

Note: this is first-come, first-serve and the community volunteers will do the best
they can to meet demand and to clear as much vegetation as possible.

Register for help by September 22nd
