

**SUBJECT: RESOLUTION NO. 45, SERIES 2024, A RESOLUTION
APPROVING A MASTER SERVICES AGREEMENT WITH
FLOCK GROUP, INC. FOR LICENSE PLATE DETECTION
SOFTWARE AND HARDWARE**

DATE: SEPTEMBER 17, 2024

**PRESENTED BY: RAFAEL GUTIERREZ, CHIEF OF POLICE
SCOTT MOORE, CRIME PREVENTION SPECIALIST**

SUMMARY:

In April 2022, the City Council of the City of Louisville approved a service agreement with Flock Inc. for License Plate Recognition (LPR) cameras as a means to provide a safety and security measure for Marshall Fire impacted neighborhoods in the city. The Police Department utilizes the system and software to view, search, and receive notifications for bona fide lawful purposes to bolster investigative capabilities and to try and more effectively deter and solve crime. The system also assists in locating vehicles of public safety interest traveling in our community.

The previous service agreement with Flock Inc. expires soon and the agreement has come up for renewal. The police department seeks to continue LPR services for a new 24 month term through the end of 2026. The LPR system has proven to be a valuable tool that has assisted with several criminal investigations during the time it has been in use. The most significant uses to date are related to the apprehension of people responsible for a string of commercial burglaries that occurred across multiple counties, including 4 in Louisville and the identification and apprehension of a group of people involved in the theft of construction materials in Louisville and across the Front Range. In both of these success stories, the LPR led to the identification of a vehicle of interest and ultimately the filing of criminal charges for those alleged to have been involved in these crimes. The system continues to provide valuable investigative leads and serves as a technology that has enhanced the police department's capability. The police department is not currently seeking to expand the program beyond the 20 cameras it presently utilizes, but may look at that possibility in years to come.

During the term of the proposed contract renewal, the police department leadership believes the city will likely reach a point when some of the currently deployed LPR cameras might be better used in other areas of the city. All current locations would be evaluated to align use with crime data and trends to potentially relocate them to more strategic sites to increase effectiveness. Currently of the 551 Louisville homes and businesses lost in the fire, 292 homes have been rebuilt and those residents have moved home. There are currently 160 homes under construction, 62 vacant lots, and 36 rebuild permits under review in the affected areas. The increased natural surveillance provided by residents returning to the rebuilt areas and proactive policing may reduce

the need for LPR cameras in some of these locations. By analyzing crime data and traffic counts the department would potentially seek to re-locate cameras to areas where they could potentially be most beneficial to the community at large.

The Flock LPR system is managed by department policies and industry guidelines related to data retention and safeguarding community member's privacy. The system administrator at the police department controls access and regularly audits the system to ensure compliance. The department will continue to preserve a high standard for how the system data is used and will ensure anyone with access to the information is in compliance with our policies. In the two years of use, the department and its members have remained compliant with policies and there have been no violations nor improper use of the system.

FISCAL IMPACT:

24-Month agreement, paid annually at \$67,000 per year with a total cost of \$135,000 over the term of the agreement.

RECOMMENDATION:

Staff recommends renewal of the contract with Flock Inc. for LPR services for a new 24-month period of service.

The Footage will be available for Authorized End Users to access and download via the Web Interface for the Retention Period. Authorized End Users will be required to sign up for an account and select a password and username (“**User ID**”). Customer shall be responsible for all acts and omissions of Authorized End Users. Customer shall undertake reasonable efforts to make all Authorized End Users aware of all applicable provisions of this Agreement and shall cause Authorized End Users to comply with such provisions. Flock may use the services of one or more third parties to deliver any part of the Flock Services, (such as using a third party to host the Web Interface for cloud storage or a cell phone provider for wireless cellular coverage).

2.2 Embedded Software License. Flock grants Customer a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Embedded Software as it pertains to Flock Services, solely as necessary for Customer to use the Flock Services.

2.3 Support Services. Flock shall monitor the Flock Services, and any applicable device health, in order to improve performance and functionality. Flock will use commercially reasonable efforts to respond to requests for support within seventy-two (72) hours. Flock will provide Customer with reasonable technical and on-site support and maintenance services in-person, via phone or by email at support@flocksafety.com (such services collectively referred to as “**Support Services**”).

2.4 Updates to Platform. Flock may make any updates to system or platform that it deems necessary or useful to (i) maintain or enhance the quality or delivery of Flock’s products or services to its agencies, the competitive strength of, or market for, Flock’s products or services, such platform or system’s cost efficiency or performance, or (ii) to comply with applicable law. Parties understand that such updates are necessary from time to time and will not diminish the quality of the services or materially change any terms or conditions within this Agreement.

2.5 Service Interruption. Services may be interrupted in the event that: (a) Flock’s provision of the Services to Customer or any Authorized End User is prohibited by applicable law; (b) any third-party services required for Services are interrupted; (c) if Services are being used for

Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized End User may incur as a result of a Service Interruption. To the extent that the Service Interruption is not caused by Customer’s direct actions or by the actions of parties associated with the Customer, the time will be tolled by the duration of the Service Interruption (for any continuous suspension lasting at least one full day). For example, in the event of a Service Interruption lasting five (5) continuous days, Customer will receive a credit for five (5) free days at the end of the Term.

2.7 Hazardous Conditions. Flock Services do not contemplate hazardous materials, or other hazardous conditions, including, without limit, asbestos, lead, or toxic or flammable substances. In the event any such hazardous materials are discovered in the designated locations in which Flock is to perform services under this Agreement, Flock shall have the right to cease work immediately.

3. CUSTOMER OBLIGATIONS

3.1 Customer Obligations. Flock will assist Customer Authorized End Users in the creation of a User ID. Authorized End Users agree to provide Flock with accurate, complete, and updated registration information. Authorized End Users may not select as their User ID, a name that they do not have the right to use, or any other name with the intent of impersonation. Customer and Authorized End Users may not transfer their account to anyone else without prior written permission of Flock. Authorized End Users shall not share their account username or password information and must protect the security of the username and password. Unless otherwise stated and defined in this Agreement, Customer shall not designate Authorized End Users for persons who are not officers, employees, or agents of Customer. Authorized End Users shall only use Customer-issued email addresses for the creation of their User ID. Customer is responsible for any Authorized End User activity associated with its account. Customer shall ensure that Customer provides Flock with up-to-date contact information at all times during the Term of this agreement. Customer shall be responsible for obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Flock Services (e.g., laptops, internet connection, mobile devices, etc.). Customer shall (at its own expense) provide Flock with reasonable access and use of Customer facilities and Customer personnel in order to enable Flock to perform Services (such obligations of Customer are collectively defined as “*Customer Obligations*”).

3.2 Customer Representations and Warranties. Customer represents, covenants, and warrants that Customer shall use Flock Services only in compliance with this Agreement and all applicable laws and regulations, including but not limited to any laws relating to the recording or sharing of data, video, photo, or audio content.

4. DATA USE AND LICENSING

4.1 Customer Data. As between Flock and Customer, all right, title and interest in the Customer Data, belong to and are retained solely by Customer. Customer hereby grants to Flock a limited, non-exclusive, royalty-free, irrevocable, worldwide license to use the Customer Data and perform all acts as may be necessary for Flock to provide the Flock Services to Customer. Flock does not own and shall not sell Customer Data.

4.2 Customer Generated Data. Flock may provide Customer with the opportunity to post, upload, display, publish, distribute, transmit, broadcast, or otherwise make available, messages, text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information,

content, ratings, reviews, data, questions, suggestions, or other information or materials produced by Customer (“**Customer Generated Data**”). Customer shall retain whatever legally cognizable right, title, and interest in Customer Generated Data. Customer understands and acknowledges that Flock has no obligation to monitor or enforce Customer’s intellectual property rights of Customer Generated Data. Customer grants Flock a non-exclusive, irrevocable, worldwide, royalty-free, license to use the Customer Generated Data for the purpose of providing Flock Services. Flock does not own and shall not sell Customer Generated Data.

4.3 Anonymized Data. Flock shall have the right to collect, analyze, and anonymize Customer Data and Customer Generated Data to the extent such anonymization renders the data non-identifiable to create Anonymized Data to use and perform the Services and related systems and technologies, including the training of machine learning algorithms. Customer hereby grants Flock a non-exclusive, worldwide, perpetual, royalty-free right to use and distribute such Anonymized Data to improve and enhance the Services and for other development, diagnostic and corrective purposes, and other Flock offerings. Parties understand that the aforementioned license is required for continuity of Services. Flock does not own and shall not sell Anonymized Data.

5. CONFIDENTIALITY; DISCLOSURES

5.1 Confidentiality. To the extent required by any applicable public records requests, each Party (the “**Receiving Party**”) understands that the other Party (the “**Disclosing Party**”) has disclosed or may disclose business, technical or financial information relating to the Disclosing Party’s business (hereinafter referred to as “**Proprietary Information**” of the Disclosing Party).

Proprietary Information of Flock includes non-public information regarding features, functionality and performance of the Services. Proprietary Information of Customer includes non-public data provided by Customer to Flock or collected by Flock via Flock Services, which includes but is not limited to geolocation information and environmental data collected by sensors. The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event less than commercially reasonable precautions, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the

foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public; or (b) was in its possession or known by it prior to receipt from the Disclosing Party; or (c) was rightfully disclosed to it without restriction by a third party; or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. At the termination of this Agreement, all Proprietary Information will be returned to the Disclosing Party, destroyed or erased (if recorded on an erasable storage medium), together with any copies thereof, when no longer needed for the purposes above, or upon request from the Disclosing Party, and in any case upon termination of the Agreement. Notwithstanding any termination, all confidentiality obligations of Proprietary Information that is trade secret shall continue in perpetuity or until such information is no longer trade secret.

5.2 Usage Restrictions on Flock IP. Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Customer acknowledges that it neither owns nor acquires any additional rights in and to the foregoing not expressly granted by this Agreement. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. Customer and Authorized End Users shall not: (i) copy or duplicate any of the Flock IP; (ii) decompile, disassemble, reverse engineer, or otherwise attempt to obtain or perceive the source code from which any software component of any of the Flock IP is compiled or interpreted, or apply any other process or procedure to derive the source code of any software included in the Flock IP; (iii) attempt to modify, alter, tamper with or repair any of the Flock IP, or attempt to create any derivative product from any of the foregoing; (iv) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock IP; (v) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within the Flock Services or Flock IP; (vi) use the Flock Services for anything other than the Permitted Purpose; or (vii) assign, sublicense, sell, resell, lease, rent, or otherwise transfer, convey, pledge as security, or otherwise encumber, Customer's rights. There are no implied rights.

5.3 Disclosure of Footage. Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or

third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

6. PAYMENT OF FEES

6.1 Billing and Payment of Fees. Customer shall pay the fees set forth in the applicable Order Form based on the billing structure and payment terms as indicated in the Order Form. To the extent the Order Form is silent, Customer shall pay all invoices net thirty (30) days from the date of receipt. If Customer believes that Flock has billed Customer incorrectly, Customer must contact Flock no later than thirty (30) days after the closing date on the first invoice in which the error or problem appeared to receive an adjustment or credit. Customer acknowledges and agrees that a failure to contact Flock within this period will serve as a waiver of any claim. If any undisputed fee is more than thirty (30) days overdue, Flock may, without limiting its other rights and remedies, suspend delivery of its service until such undisputed invoice is paid in full. Flock shall provide at least thirty (30) days' prior written notice to Customer of the payment delinquency before exercising any suspension right.

6.2 Notice of Changes to Fees. In the event of any changes to fees, Flock shall provide Customer with sixty (60) days' notice (email sufficient) prior to the end of the Initial Term or Renewal Term (as applicable). Any such changes to fees shall only impact subsequent Renewal Terms.

6.3 Taxes. To the extent Customer is not a tax exempt entity, Customer is responsible for all taxes, levies, or duties, excluding only taxes based on Flock's net income, imposed by taxing authorities associated with the order. If Flock has the legal obligation to pay or collect taxes, including amount subsequently assessed by a taxing authority, for which Customer is responsible, the appropriate amount shall be invoice to and paid by Customer unless Customer provides Flock a legally sufficient tax exemption certificate and Flock shall not charge Customer any taxes from which it is exempt. If any deduction or withholding is required by law, Customer shall notify Flock and shall pay Flock any additional amounts necessary to ensure that the net amount that Flock receives, after any deduction and withholding, equals the amount Flock would have received if no deduction or withholding had been required.

7. TERM AND TERMINATION

7.1 **Term.** The initial term of this Agreement shall be for the period of time set forth on the Order Form (the “**Term**”). Unless otherwise indicated on the Order Form, the Term shall commence upon first installation of Flock Hardware, as applicable. Following the Term, unless otherwise indicated on the Order Form, this Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a “**Renewal Term**”) unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

7.2 **Termination.** Upon termination or expiration of this Agreement, Flock will remove any applicable Flock Hardware at a commercially reasonable time period. In the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period (“**Cure Period**”). Either Party may terminate this Agreement (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. In the event of a material breach by Flock, and Flock is unable to cure within the **Cure Period**, Flock will refund Customer a pro-rata portion of the pre-paid fees for Services not received due to such termination.

7.3 **Survival.** The following Sections will survive termination: 1, 3, 5, 6, 7, 8.3, 8.4, 9, 11.1 and 11.6.

8. REMEDY FOR DEFECT; WARRANTY AND DISCLAIMER

8.1 Manufacturer Defect. Upon a malfunction or failure of Flock Hardware or Embedded Software (a “**Defect**”), Customer must notify Flock’s technical support team. In the event of a Defect, Flock shall make a commercially reasonable attempt to repair or replace the defective Flock Hardware at no additional cost to the Customer. Flock reserves the right, in its sole discretion, to repair or replace such Defect, provided that Flock shall conduct inspection or testing within a commercially reasonable time, but no longer than seven (7) business days after Customer gives notice to Flock.

8.2 Replacements. In the event that Flock Hardware is lost, stolen, or damaged, Customer may request a replacement of Flock Hardware at a fee according to the reinstall fee schedule (<https://www.flocksafety.com/reinstall-fee-schedule>). In the event that Customer chooses not to replace lost, damaged, or stolen Flock Hardware, Customer understands and agrees that Flock is not liable for any resulting impact to Flock service, nor shall Customer receive a refund for the lost, damaged, or stolen Flock Hardware.

8.3 Warranty. Flock shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Installation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock’s reasonable control, but Flock shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption.

8.4 Disclaimer. THE REMEDY DESCRIBED IN SECTION 8.1 ABOVE IS CUSTOMER’S SOLE REMEDY, AND FLOCK’S SOLE LIABILITY, WITH RESPECT TO DEFECTS. FLOCK DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES ARE PROVIDED “AS IS” AND FLOCK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A

PARTICULAR PURPOSE. THIS DISCLAIMER ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 11.6.

8.5 **Insurance.** Flock will maintain commercial general liability policies as stated in Exhibit B.

8.6 **Force Majeure.** Parties are not responsible or liable for any delays or failures in performance from any cause beyond their control, including, but not limited to acts of God, changes to law or regulations, embargoes, war, terrorist acts, pandemics (including the spread of variants), issues of national security, acts or omissions of third-party technology providers, riots, fires, earthquakes, floods, power blackouts, strikes, supply chain shortages of equipment or supplies, financial institution crisis, weather conditions or acts of hackers, internet service providers or any other third party acts or omissions.

9. LIMITATION OF LIABILITY; INDEMNITY

9.1 **Limitation of Liability.** NOTWITHSTANDING ANYTHING TO THE CONTRARY, FLOCK, ITS OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR OTHER THEORY: (A) FOR LOSS OF REVENUE, BUSINESS OR BUSINESS INTERRUPTION; (B) INCOMPLETE, CORRUPT, OR INACCURATE DATA; (C) COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY; (D) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (E) FOR ANY MATTER BEYOND FLOCK'S ACTUAL KNOWLEDGE OR REASONABLE CONTROL INCLUDING REPEAT CRIMINAL ACTIVITY OR INABILITY TO CAPTURE FOOTAGE; OR (F) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID AND/OR PAYABLE BY CUSTOMER TO FLOCK FOR THE SERVICES UNDER THIS AGREEMENT IN THE TWELVE (12) MONTHS PRIOR TO THE ACT OR OMISSION THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY OF SECTION ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE REFERENCED IN SECTION

11.6. NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE FOREGOING LIMITATIONS OF LIABILITY SHALL NOT APPLY (I) IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR (II) INDEMNIFICATION OBLIGATIONS.

9.2 **Responsibility.** Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable for the torts of its own officers, agents, or employees.

9.3 **Flock Indemnity.** Flock shall indemnify and hold harmless Customer, its agents and employees, from liability of any kind, including claims, costs (including defense) and expenses, on account of: (i) any copyrighted material, patented or unpatented invention, articles, device or appliance manufactured or used in the performance of this Agreement; or (ii) any damage or injury to property or person directly caused by Flock's installation of Flock Hardware, except for where such damage or injury was caused solely by the negligence of the Customer or its agents, officers or employees. Flock's performance of this indemnity obligation shall not exceed the fees paid and/or payable for the services rendered under this Agreement in the preceding twelve (12) months.

10. INSTALLATION SERVICES AND OBLIGATIONS

10.1 **Ownership of Hardware.** Flock Hardware is owned and shall remain the exclusive property of Flock. Title to any Flock Hardware shall not pass to Customer upon execution of this Agreement, except as otherwise specifically set forth in this Agreement. Except as otherwise expressly stated in this Agreement, Customer is not permitted to remove, reposition, re-install, tamper with, alter, adjust or otherwise take possession or control of Flock Hardware. Customer agrees and understands that in the event Customer is found to engage in any of the foregoing restricted actions, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination for material breach by Customer. Customer shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Customer default on any payment of the Flock Services, Flock may remove Flock Hardware at Flock's discretion. Such removal, if made by Flock, shall not be deemed a waiver of Flock's

rights to any damages Flock may sustain as a result of Customer's default and Flock shall have the right to enforce any other legal remedy or right.

10.2 Deployment Plan. Flock shall advise Customer on the location and positioning of the Flock Hardware for optimal product functionality, as conditions and locations allow. Flock will collaborate with Customer to design the strategic geographic mapping of the location(s) and implementation of Flock Hardware to create a deployment plan ("**Deployment Plan**"). In the event that Flock determines that Flock Hardware will not achieve optimal functionality at a designated location, Flock shall have final discretion to veto a specific location, and will provide alternative options to Customer.

10.3 Changes to Deployment Plan. After installation of Flock Hardware, any subsequent requested changes to the Deployment Plan, including, but not limited to, relocating, re-positioning, adjusting of the mounting, removing foliage, replacement, changes to heights of poles will incur a fee according to the reinstall fee schedule located at (<https://www.flocksafety.com/reinstall-fee-schedule>). Customer will receive prior notice and confirm approval of any such fees.

10.4 Customer Installation Obligations. Customer is responsible for any applicable supplementary cost as described in the Customer Implementation Guide, attached hereto as Exhibit C. Customer represents and warrants that it has, or shall lawfully obtain, all necessary right title and authority and hereby authorizes Flock to install the Flock Hardware at the designated locations and to make any necessary inspections or maintenance in connection with such installation.

10.5 Flock's Obligations. Installation of any Flock Hardware shall be installed in a professional manner within a commercially reasonable time from the Effective Date of this Agreement. Upon removal of Flock Hardware, Flock shall restore the location to its original condition, ordinary wear and tear excepted. Flock will continue to monitor the performance of Flock Hardware for the length of the Term. Flock may use a subcontractor or third party to perform certain obligations under this Agreement, provided that Flock's use of such subcontractor or third party shall not release Flock from any duty or liability to fulfill Flock's obligations under this Agreement.

11. MISCELLANEOUS

Automated License Plate Readers (ALPR)

427.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Louisville Police Department as an effective intelligence tool to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. The ALPR may also be used to gather information related to active warrants, electronic surveillance, suspect interdiction and stolen property recovery.

427.2 DEFINITIONS

- (a) Automated License Plate Reader (ALPR): A device that uses cameras and computer technology to compare digital images to lists of known information of interest.
- (b) ALPR Operator: Trained Department members who may utilize ALPR system/equipment. ALPR operators may be assigned to any position within the Department, and the ALPR Administrator may order the deployment of the ALPR systems for use in various efforts.
- (c) ALPR Administrator: The Crime Prevention Specialist or his/her designee, serves as the ALPR Administrator for the Department.
- (d) Vehicles of interest: Including, but not limited to vehicles which are reported as stolen; display stolen license plates or tags; vehicles linked to missing and/or wanted persons and vehicles flagged by the Department of Motor Vehicle Administration or law enforcement agencies.
- (e) Detection: Data obtained by an ALPR of an image (such as a license plate) within public view that was read by the device, including potential images (such as the plate and description of vehicle on which it was displayed), and information regarding the location of the ALPR system at the time of the ALPR's read.
- (f) Hit: Alert from the ALPR system that a scanned license plate number may be in the National Crime Information Center (NCIC) or other law enforcement database for a specific reason including, but not limited to, being related to a stolen car, wanted person, missing person, domestic violation protective order or terrorist-related activity.

427.3 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Crime Prevention Specialist. The Crime Prevention Specialist will assign personnel to administer the day-to-day operation of the ALPR equipment and data.

427.4 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.

Louisville Police Department

Policy Manual

Automated License Plate Readers (ALPR)

- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. The ALPR alert can be used as one element in developing reasonable suspicion or probable cause.
- (c) Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) The officer should verify an ALPR response through the Colorado Bureau of Investigation before taking enforcement action that is based solely upon an ALPR alert. Once an alert is received, the operator should confirm that the observed license plate from the system matches the license plate of the observed vehicle, including but not limited to; the alphanumeric characters of the license plate, state of issue, type of plate, and vehicle descriptors before proceeding, as practical. Before any law enforcement action is taken because of an ALPR alert, the alert will be verified through a NCIC/CCIC inquiry via the MDT or through Dispatch. Members will not take any police action that restricts the freedom of any individual based solely on an ALPR alert unless it has been validated.
- (f) No ALPR operator may access the Colorado Bureau of Investigation data unless authorized to do so.

427.5 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by the ALPR are for the official use of the Louisville Police Department and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared as required by law.

- (a) Mobile ALPR Data: The Crime Prevention Specialist is responsible to ensure proper collection and retention of ALPR data and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers. All ALPR data downloaded to the server should be stored for the minimum period established by department records retention guidelines and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances, the applicable data should be downloaded from the server onto portable media and booked into evidence.
- (b) Flock ALPR Data: ALPR vendor, Flock Safety will store the data (data hosting) and ensure proper maintenance and security of data stored in their data towers. Flock Safety will purge their data at the end of the 30 days of storage. However, this will not preclude Louisville Police Department from maintaining any relevant vehicle data associated with an investigation and/or case obtained from the system after that period pursuant to the established Louisville Police Department retention schedule, as set forth by State law.

Automated License Plate Readers (ALPR)

Information gathered or collected, and records retained by Flock Safety cameras or any other ALPR system will not be sold, accessed, or used for any purpose other than legitimate law enforcement or public safety purposes.

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Administrative Services Manager and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile work station and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

Overview

Louisville CO PD uses automatic license plate readers to capture objective evidence without compromising on individual privacy. Louisville CO PD utilizes retrospective searches to solve crimes after they have occurred. Additionally, Louisville CO PD utilizes real time alerting of hotlist vehicles to capture wanted criminals. In an effort to ensure proper usage and guardrails are in place, the Louisville CO PD have made the below policies and usage statistics available to the public. Due to a technical issue related to auto-population being repaired by Flock Safety, the "number of owned cameras" may be inaccurate. Louisville Police Department has 20 cameras. This field will be appropriately represented when the system error is corrected.

Louisville Flock Success

The Louisville Police Department's Flock camera system played a critical role in the arrest of individuals involved in multiple construction thefts. These suspects were tied to thefts across several locations, including the City of Louisville, Fredrick, Larimer County, Douglas County, and Aurora.

Prior to the arrest, there were 21 reported cases of construction theft within six months. Following the arrest, this number dropped to only 8 cases over the next 14 months. This is a 62% reduction construction theft.

Using a custom hotlist entry, officers were alerted when the suspect vehicle entered the area. Responding swiftly, officers conducted a high-risk traffic stop, leading to the suspects' arrest. A loaded handgun and stolen construction materials were recovered from the vehicle.

Louisville Flock Success

On November 28th, the Avista Flock cameras alerted us to a missing person in the area. Thanks to this notification, a Louisville police officer quickly located the vehicle and made contact with the individual. A wellbeing assessment was conducted to ensure their safety, and the person who reported them missing was informed of the outcome.

We're grateful to the Avista Flock cameras for their role in swiftly locating the individual and resolving the situation.

Between November 16 and November 29, 2022, Louisville Police investigated four commercial burglaries at Busaba Restaurant, Lamars Donuts and Coffee (November 16), and Lucca Coffee & Eatery, Precision Pours Coffee (November 29).

Flock camera footage linked these incidents to other burglaries in Clear Creek, Boulder, and Jefferson Counties. As a result, the suspect was arrested and later sentenced to 12 years in prison on related charges.
