

**SUBJECT: APPROVAL OF 2025 VEHICLE PURCHASES FROM KEN
GARFF FORD (7) AND DANIELS LONG AUTOMOTIVE (2)**

DATE: JUNE 3, 2025

PRESENTED BY: KURT KOWAR, P.E., PUBLIC WORKS DIRECTOR

SUMMARY:

Staff recommends approval for the purchase of seven (7) 2025 Ford F-150 Lightnings from Ken Garff Ford through the State of Colorado Price Agreement # 193819 and two (2) 2025 Chevy Blazer EV's from Daniels Long Automotive through the State of Colorado Price Agreement #193755 for a total of \$444,785.

BACKGROUND/PRIOR DISCUSSIONS:

These vehicles will replace existing units in the fleet that have reached the end of their service life. Fleet lifecycle decisions are reviewed and approved by the Operations Superintendent in coordination with the Public Works Director to ensure timely and cost-effective equipment replacement.

Vehicle budget amounts were approved during the 2025/2026 budget process and are included in the approved 2025 Budget.

Through the lense of sustainability every fleet vehicle purchase is reviewed to determine if there is a feasible electric vehicle alternative. Current electric vehicle technology is readily available and within a similar price range of internal combustion vehicles from small cars up to light duty trucks.

ANALYSIS:

The vehicles will support the City's Public Works Engineering, Public Works Operations, Information Technology, and Open Space Divisions. This purchase will provide for the Information Technology and Engineering Divisions of the City to be completely electric for vehicle fleet. Varying pricing represents different upfit packages for different job roles.

2025 COUNCIL WORK PLAN:

This item supports Core Services and Safety.

RECOMMENDATION:
