Chapter 12.20, Section 080 of the Louisville Municipal Code requires the owner of a building or the contractor moving it to obtain a permit from the City Engineer prior to moving it over the streets of the City. Below list the height, width, and length of building along with the route to be taken.

This Building Moving Permit is hereby granted upon receipt of a \$ __75.00__ fee, and upon acceptance of the following conditions:

1. Contractor shall provide proof of comprehensive liability and auto insurance, which expires on _____. The Insurance Certificate shall include in the description of operations/locations/vehicles/special items the following: "City of Louisville, its officers, agents and employees as additional insured."
2. Contractor agrees to compensate the City for any repairs necessary to streets, signs, signals, trees, shrubs, or utilities, including but not limited to water and sewer lines, due to damage caused by their work.
3. Contractor agrees to indemnify and hold the City harmless from and against any liability claims and expenses, including court costs and attorney fees, on account of any injury, loss or damage resulting or claimed to result from act or omission of Contractor, and in any manner connected with the building move authorized by this permit.
4. Contractor agrees to coordinate all traffic control necessary to complete the move in a safe and orderly manner. The move will be started and completed between the hours of _____ and _____, Date _____.
5. Contractor shall notify the Engineering, Police and Fire Departments of the time and location of the move the day prior to the move, meet any additional requirements, which they may impose on them, and will coordinate with them in such a way as it will create a minimal disruption to traffic and access, as agreeable to all agencies.
6. Contractor shall be solely responsible for obtaining any necessary permits, etc., required by the County or State.

This permit does not in any way constitute permission by the City for the Contractor to cross the Burlington Northern Railroad. Any permission necessary from them must come directly from the Railroad.

This permit is hereby approved upon receipt of the fee mentioned above and acceptance of the above mentioned conditions as acknowledged by the Contractor below.
