Sec. 15.70.050 Defensible Space in Immediate Zone.

A. The Immediate Zone is an area between 0 and 5 feet around a primary commercial or residential structure. The purpose of this Section is to provide defensible space around such primary commercial and residential structures, in order to deter the spread of wildfire within that area of the City impacted by the Marshall Fire. Within the Immediate Zone:

1. Only noncombustible, hard surface ground cover materials, such as rock, gravel, sand, concrete, bare earth, or stone/concrete pavers, shall be allowed.

A copy of the Ignition-Resistant Landscape Plants publication shall be maintained by the City and made available to the public.

B. Trees, shrubs, and other landscape plantings must be maintained and pruned so as not to encroach into the Immediate Zone.

C. Any existing landscaping and ground cover materials installed in the Immediate Zone prior to the effective date of this ordinance may be maintained but may not be expanded or replaced within the Immediate Zone.

Section 2. Effective Date. This ordinance shall become effective immediately upon adoption by the affirmative vote of at least five (5) Councilmembers.

Section 3. If any portion of this ordinance is held to be invalid for any reason, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance and each part hereof irrespective of the fact that any one part be declared invalid.

Section 4. The repeal or modification of any provision of the Municipal Code of

the City of Louisville by this ordinance shall not release, extinguish, alter, modify, or change in whole or in part any penalty, forfeiture, or liability, either civil or criminal, which shall have been incurred under such provision, and each provision shall be treated and held as still remaining in force for the purpose of sustaining any and all proper actions, suits, proceedings, and prosecutions for the enforcement of the penalty, forfeiture, or liability, as well as for the purpose of sustaining any judgment, decree, or order which can or may be rendered, entered, or made in such actions, suits, proceedings, or prosecutions.

Section 5. All other ordinances or portions thereof inconsistent or conflicting with this ordinance or any portion hereof are hereby repealed to the extent of such inconsistency or conflict.

Section 6. The City Council herewith finds, determines and declares that this ordinance is genuinely and urgently necessary for the immediate preservation of the public health, safety, and welfare because of continued extreme fire conditions in the City and surrounding area.
